Setting Up Application Environment
Create Flask Project

Date	24 OCT 2022
Team ID	PNT2022TMID52437
Project Name	Project-Skill / Job Recommender Application
Team Members	Ayisha Benazir K, Anupriya S, Durga B, Renugadevi B

Create Flask Project :

```python
from flask import Flask #importing flask

app=Flask(__name__) #create constructor

@app.route('/hello')

def hello_world(): #func definition

    return "hello world welcome to CAD!"

if __name__=='__main__':

    app.run(debug=True)
```

hello world welcome to CAD!
